College of Dental Surgeons, Singapore
Academy of Medicine, Singapore

ANNOUNCEMENT

The Dental Specialists Accreditation Board (DSAB) has appointed the College of Dental Surgeons, Singapore (CDSS), to form a Joint Committee for Dental Specialist Accreditation (JCDSA), whose function is to appoint and oversee the functions of the Dental Specialist Accreditation Committees (DSAC) for the respective specialties.

All dentists who wish to register as specialists with the Singapore Dental Council are required to fulfil the requirements as spelt out in the DSAB website. There will be a two-stage process of accreditation.

The first stage involves submission of an application form and assessment material such as log book and case reports as stipulated for the various specialties. This must be accompanied by a signed declaration form declaring that all cases included in the log book and case reports are patients managed by the applicant and that all records are authentic. Only when the submissions are assessed as having fulfilled the requirements will the applicant be invited to proceed to the next stage.

The second stage is an exit interview. This will be conducted in accordance with the stipulations under each specialty.

Notice is hereby given for the Dental Specialist Accreditation Assessment for **2019 – 2020**:

Deadline for online submission (www.sdc.gov.sg) of application:	**12 July 2019**
Appointments for submission of assessment material:	**15 – 19 July 2019**
Date of Exit Interview:	**16 – 20 September 2019**
Deadline for online submission (www.sdc.gov.sg) of application:	**17 January 2020**
Appointments for submission of assessment material:	**20 – 24 January 2020**
Date of Exit Interview:	**16 – 20 March 2020**

Applications received by the online submission deadline do not translate to fulfilment of accreditation requirements or eligibility and is not a guarantee of an exit interview at the next scheduled assessment.

It is the onus of the applicants to ensure that they have requested and received recognition and certification of their qualifications from the DSAB, proof of which is compulsory and required to accompany their application for accreditation.

The exact date and time of interview for each eligible candidate will be allocated after the deadline for submission of application material.

Venue of Exit Interview: Academy of Medicine, Singapore
81 Kim Keat Road
#11-00 NKF Centre
Singapore 328836

Fees:

1. Assessment of qualifications, log book and case reports	$500 (non-refundable)
2. Exit Interview	$1500

All fees are to be paid to “College of Dental Surgeons, Singapore” at the time of application for each of the above stages. Exit interview fees are to be paid upon acceptance of the invitation to present for the interview.
