## RE-REGISTRATION OF DENTAL SPECIALISTS

The Register of Dental Specialists commenced in 2008 and our first cohort of specialist registrations will expire from 2018.

2 The Dental Specialists Accreditation Board (DSAB), in consultation with the Joint Committee for Dental Specialist Accreditation (JCDSA) and the respective Dental Specialist Accreditation Committees (DSAC), has advised that for **2018**, specialists are eligible for re-registration for another 10 years, provided they:

- are of good standing with the Singapore Dental Council (SDC),
- are in active practice with a valid Practising Certificate (PC), and
- fulfil their core specialty Continuing Professional Education (CPE) requirements, including Basic Cardiac Life Support (BCLS) requirements

3 Ongoing reviews of the above criteria will be carried out and regular updates may be recommended and implemented.

4 You will be required to submit your application for re-registration online at [www.sdc.gov.sg](http://www.sdc.gov.sg) **at least one month before** the end date of your specialist registration. Alternatively, you submit your application **up to a maximum of six months before** the expiry of your registration, when you have met the criteria for re-registration.

**5 You will receive a prompt from the system when you are able to submit your application for dental specialist re-registration.**

6 Please contact the Secretariat should you require clarification or more information.
