Date: 28 February 2024

Registered Allied Health Professionals

## **IMPLEMENTATION OF CONTINUING PROFESSIONAL EDUCATION FOR ALLIED HEALTH PROFESSIONALS**

Continuing Professional Education (CPE) consists of educational activities that serve to maintain, develop or increase the knowledge, skills and professional performance of registered Allied Health Professionals (AHPs). With the advancement of knowledge, skills and technologies supporting practice, implementation of CPE ensures practice standards are maintained and steadily improved across professions and sectors.

2 The Allied Health Professions Council (AHPC) has developed the CPE framework for registered AHPs under Full and Restricted Registration and will be rolling out CPE in two phases. A voluntary CPE phase will commence on 1 March 2024, and the mandatory phase from 1 January 2026 onwards. The voluntary phase allows AHPs to experience the CPE system to prepare for the mandatory phase, where CPE fulfilment will be a requirement for Practising Certificate (PC) renewal.

3 Information on CPE has been published on the AHPC's website ([www.ahpc.gov.sg](http://www.ahpc.gov.sg)). AHPs and CPE Providers may refer to it for more information.

4 The AHPC will also be conducting two mass briefing sessions for AHPs on Full and Restricted Registration on 7 March 2024 and 12 March 2024. Details of the sessions including the links for the online sessions have been sent via email on 23 February 2024.

5 For clarifications, please contact us via email at [AHPC@spb.gov.sg](mailto:AHPC@spb.gov.sg).

Thank you.
