RE: SUPERVISION OF CONDITIONAL REGISTRANTS WHO ARE ON L3 SUPERVISION

As set out in the Allied Health Professions Council (AHPC) Supervised Practice Guidelines, all registered allied health professionals on conditional registration must undergo a period of supervised practice before they may be eligible for full registration.

2 Currently, Level 3 (L3) Conditional Registrants (C-Reg) are required to be supervised full-time in the same site (on-site supervision) during their entire L3 supervised practice period.

REVISED POLICY FOR C-REGS ON L3

3 With immediate effect, all L3 C-Reg who have received “competent/exceeding” performance grading¹ at the end of their Level 2 (L2) supervised practice period (11th month), and who do not have a history of having his/her supervision conditions amended/varied by the AHPC, will be allowed to be supervised on-site by his/her AHPC-approved supervisor for the minimum supervision hours as stipulated under the AHPC Supervised Practice Guidelines i.e. for at least 4 hours every 2 months. At other times, the L3 C-reg may be supervised face-to-face or off-site remotely (e.g. by phone or video-consultation) as and when required by the supervisor or when requested by the supervisee.

4 Requests for this supervision arrangements would need to be submitted to the AHPC Secretariat at AHPC@spb.gov.sg for approval.

Thank you.

MS. SURAYA TALIP
EXECUTIVE SECRETARY
ALLIED HEALTH PROFESSIONS COUNCIL

¹ As set out under para 3.9.2 of the AHPC Supervised Practice Guidelines
