NON-SINGPASS ELIGIBLE PROFESSIONAL REGISTRATION SYSTEM (PRS) USER

You are required to apply for Google Authenticator (GA) as the 2-Step Verification (2FA) via PRS concurrently with your application for registration.

1. Application for GA as 2FA

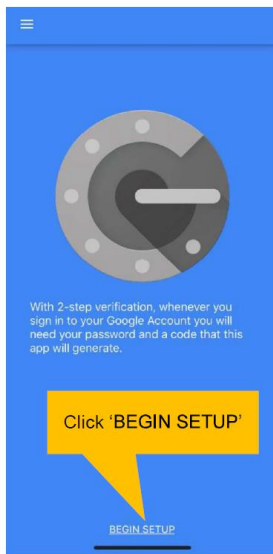

- a. Enter your foreign passport number as part of your identification number even you are holding a valid work permit
- b. Enter a valid email address as we will contact you via email for clarification
- c. Outcome of the application will be notified via email
- d. For new applicant, once you have received the approval email for GA, you are required to use your temporary registration number starting with "XE" and password to log in to setup your GA as your 2FA to your account. You may refer to the steps in S/No 2
- e. For existing practitioner, you are required to use your registration number and password to log in to setup your GA as your 2FA to your account. You may refer to the steps in S/No 2

2. Setting Up GA as your 2FA

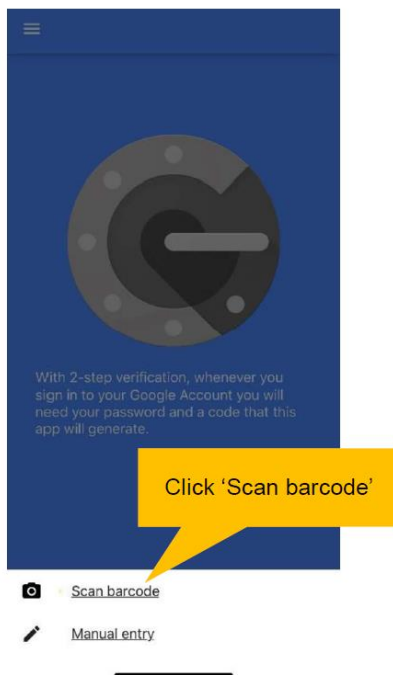

- a. Install the GA application into your mobile
* GA can be downloaded from 'App Store' for Apple devices or 'Google Play Store' for Android devices

- b. Launch the GA application on the mobile then click 'Begin Setup' link

- c. Click 'Scan Barcode' link

- d. Scan the QR code found in GA Registration Form using the mobile application
